

Spring 2021 Web Ready Checklist

Important COVID-19 Response Information for Students for the Spring Semester

- Residential students should confirm January move-in, and sign in to [StarRez](#) and complete the Spring Return/Testing Appointment application.
- Undergraduate students living off-campus registered to take classes in person should complete [this form](#) to sign up for testing.
- Law, MBA, and SPCS students taking classes in person must sign up for a testing appointment using [this link](#).
 - *Note: All students returning to campus are required to be tested via a viral PCR test, upon arrival to the University. **Unlike the fall semester arrival, students cannot be exempted from testing by providing results of a test taken prior to arrival on campus.***
- Read and sign the [Spring 2021 Semester Healthy Web Compact](#).
- Read updated interim student conduct policies when available in early January.
- Self-quarantine for 10-days prior to returning to campus
- Get a COVID-19 test one to three days prior to your scheduled arrival on campus (strongly encouraged).
 - Students who receive a positive test at home should not return to campus and should contact Residence Life and Housing to re-schedule their move-in.
- Complete or review [COVID-19 training](#).
- Familiarize yourself with the University's [updated Reopening Plan](#) and updated [Physical Distancing Framework](#).
- Students who are eligible for health services from the Student Health Center must access the Authorization for Release of Testing and Screening Results form in their [Student Health Portal](#) and complete and upload it prior to testing.
- Be ready for a great semester!
