

Enhanced Red Stage

Policies Applicable through February 28, 2021

The policies set forth below will be in place through February 28, 2021, unless further extended, in order to augment health and safety protocols for the campus community. These policies are in addition to the requirements of the University's [Physical Distancing Framework](#) and [Interim Student Conduct Policies](#).

1. *On-Campus Prevalence Testing*. All students taking in-person classes must participate in mandatory prevalence testing, unless exempted by the University.
2. *Remaining on Campus*.
 - a. All residential students must remain on campus. Students may seek an exception from their Dean for essential trips off campus such as doctor's appointments and work.
 - b. Students living on campus may get delivery of food from local restaurants as long as it is a contactless delivery and the delivery person does not enter the residence hall or apartment.
3. *Students Residing Off Campus*
 - a. Students residing off campus should limit their errands to essentials such as grocery stores, pharmacies, and physician offices.
 - b. Students living off campus should use take-out or contactless delivery and must avoid going to restaurants or bars.
4. *Campus Student Residences - Visitors and Lounges*.
 - a. Lounges will be open for use only by building residents with set maximum occupancy levels. Furniture will be marked to ensure appropriate distancing of at least 6 feet. Physical distancing must be maintained and face coverings worn at all times.
 - b. Students may visit individual rooms in another residence only if the visitor and the host are wearing a face covering and maintaining six feet of physical distance for the duration of visit.
