Happy Halloween!

Bring a little #SpiderPride to your fright night with this Spider stencil.

1. Print this stencil.
2. Prepare your pumpkin for carving.
3. Place paper on pumpkin, taping in place.
4. Using a push pin or toothpick, poke holes along the outline of the graphic.
5. Remove stencil.
6. Following the holes you created with the push pin, cut out the areas that appear in black on the template. *Pro tip: cut out the smaller pieces first!*
7. Place lit candle or other light source inside the pumpkin and show your Spider Pride!
